

7 November 1958

MEMORANDUM FOR THE RECORD

SUBJECT: [REDACTED]

STAT

Talked to [REDACTED] on the attached and advised him that this was a different congressional committee from the one which I discussed with him on 3 November. I pointed out that in fact they were rivals and in strong competition with one another. The result from our standpoint was that there was an additional factor added to the reasons [REDACTED] [REDACTED] but that in any event if we received word of departure for the U. S. it should be brought to our attention here so that we could advise the Senate subcommittee. [REDACTED] seemed to appreciate our problems and will coordinate on a proposed cable to the field.
